

Natural stone paving
Blue grey granite

Description:

Appearance: dark with porphyaceous texture

Geological Type: granite

Governing standards: BS EN 1341

Petrographical description: pyroxene quartz monzodiorite, massive structured granite

Physical Properties:

Water absorption:	0.2%	Mean value to EN 13755:2008
Flexural strength:	19 MPa	Mean value to EN 12372:2006
Flexural strength after 56 cycles freeze/thaw:	18.6 MPa	Mean value to EN 12371:2010
Abrasion resistance:	17.3 mm	Mean value to EN 14157:2004
Slip resistance value:	89 Dry 79 Wet
