

Natural stone paving

## Raj Green Sandstone

### Description:

Appearance: Greenish grey colour

Geological Type: Sandstone

Governing standards: BS EN 1341

Petrographical description: hard, compact, massive, fine grained sandstone

### Physical Properties:

Water absorption:	1.04%	Mean value to EN13755:2008
Flexural strength:	38.16 MPa	Mean value to EN12372:2006
Flexural strength after 56 freeze thaw cycles:	34.13 MPa	Mean value to EN 12372:2006
Abrasion resistance:	15.48 mm	Mean value to EN 14157:2004
Slip resistance value:	83 Dry 67 Wet	Mean value to EN 14231:2003
